

**DEPARTMENT OF PUBLIC WORKS
Engineering Division
Room 115, City-County Building
(608) 266-4751**

FAX: (608) 264-9275

engineer@cityofmadison.com
www.cityofmadison.com/engineering

Mission, Goals and Objectives

To maintain the public streets, bridges, underpasses, bike paths, sidewalks, wastewater, drainage systems, and City buildings to acceptable and legally required service levels providing comparable service to all residents. To expand these public facilities necessary to accommodate the growth of the City minimizing the cost to existing citizens. To serve as warden of the City's closed landfills and underground storage tanks protecting the adjacent residents and properties in compliance with the environmental regulations. To accomplish its mission safely and with an economical use of resources.

Jim Wolfe, P.E., City Engineer (608) 266-4751

Capital Budget, Public Works projects, Labor relations, Personnel, Engineering Division employee references, Training (Engineering Division employees), Annexations, Board of Public Works, Compensation payments, General operations.

Greg Fries, P.E., Assistant City Engineer - Storm & Sanitary Design (608) 267-1199

Storm Water Utility, Sanitary Sewer Utility, sewers, greenways, development and maintenance. Shoreline improvements. Contract Change Orders. Backup to City Engineer.

Chris Petykowski, P.E., Assistant City Engineer - Public Works & Private Development (608) 267-8678

Streets, bridges, highways, State and Federal projects, pedestrian overpass/underpass, bike paths, development, railroad coordination. Contract Change Orders. Backup to City Engineer.

Bryan Cooper, Assistant City Engineer - Facilities (608) 267-5533

Supervise City architects, engineers and construction managers for facilities planning, design and construction. Facilities maintenance and custodial services. Contract Change Orders. Backup to City Engineer.

Kathy Cryan, Deputy Division Manager - Operations, Technology & Personnel (608) 266-4819

Sanitary Sewer and Storm Sewer Operations. Madison Sewer Utility regulatory compliance (Compliance Maintenance Annual Report and Capacity, Management, Operations and Maintenance (CMOM) program). Engineering Technology & Asset Management (CAD, GIS, CMMS). Personnel. Backup to City Engineer.

Steve Danner-Rivers, Financial Manager (608) 261-9689

Direct and oversee the financial activities of the Engineering Division, direct the preparation of internal financial reports and summaries and assure compliance with approved budgetary funding.

Hannah Mohelnitzky, Public Information Officer (608) 242-6033 (Office) / (608) 669-3560 (Cell)

All communications with media, digital communications, and social media programs for the Division. Public Relations. Public information sharing through public meetings, press releases, interviews, and social media. Website development. Internal and external communications.

Kyle Frank, Construction Engineer, Construction Section (608) 266-9091

Direct and oversee the inspection and construction of public streets, paths, sidewalks, sanitary sewer and stormwater infrastructure. Manage survey crews and permits to Excavate in the Right of Way.

Greg Fries, Special Projects Section (608) 267-1199

Brownfields, underground storage tanks, and contaminated site remediation.

Municipal Building Maintenance Services

Stephen King, Facilities Services Coordinator (608) 266-5927

Maintenance and custodial service requests.
